

Graycen Kirk has been selected to compete in the 14th Annual Passport to Discovery Competition Event in July 28, 2024 – August 2, 2024. This is her exciting opportunity to showcase her modeling, acting, and/or singing/dancing talent in front of 100+ local, national, and international agents and managers. We have created Passport to Discovery to give our best talent the opportunity to network and build relationships with the top industry professionals in the local, national, and international markets.

The contestant will compete in various modeling and acting competitions throughout the week in front of a panel of agents and managers and will be judged based on her performance. Over 132 contestants will walk away with a collective winning of \$700,000+ in scholarships and prizes! These agents and managers are not only judging the competitions, but also selecting contestants they are interested in representing in their agency. Throughout the week she will be also be attending educational workshops and seminars taught by these industry professionals.

Only the highest quality VIP's scout at PTD – fashion agents are known for booking editorials and runway shows from NYC to Milan and Paris to Miami. They are representing models like Karlie Kloss, Doutzen Kroes and Alessandra Ambrosio. Talent agents and managers on board boast a client roster with Grey's Anatomy, Pete's Dragon, Modern Family, Verizon, McDonalds, etc.

We will be guiding Graycen every step of the way, ensuring that she is prepared for the competition, with feedback on her performance, wardrobe tips, and individual competition training.

Her registration cost is, in total, \$4225.00 which we break down into smaller monthly payments. It covers every aspect of the event including a professional photo session with a photography team with hair and makeup, workshops prior to the competition, resort fees & taxes, and everything in between.

We want to thank you, in advance, for being so supportive of Graycen's future! We can't wait to see where she lands!

Sincerely,

David Wooddell | Vice President of Communications
